 2014

The Project LIFE-HerpetoLatvia is co-financed by European Commission.

Natura 2000. 'Natura 2000 - Europe's nature for you. The sites of Project are part of the European Natura 2000 Network. It has been designated because it hosts some of Europe's most threatened species and habitats. All 27 countries of the EU are working together through the Natura 2000 network to safeguard Europe's rich and diverse natural heritage for the benefit of all'.
